Spies in Jericho

Joshua picked two faithful spies to spy out Jericho.

He sent guards to Rahab's house to find the spies. They told her to bring the men out of her house.

They searched her house but could not find the spies. Rahab had hidden the spies under some flax on the roof.

When the guards left, the spies promised Rahab they would keep her safe when Israel attacked Jericho. Rahab kept a scarlet cord in her window as a sign to Israel.
